General Service Questions

What products does myLoc managed IT offer?

Inhaltsverzeichnis

- 1. myloc
- 2. webtropia
- 3. servdiscount

myLoc managed IT AG offers a wide range of products. Besides the brand myloc we also offer the brands webtropia and servdiscount.

1. myloc

In the area of colocation you have the possibility to rent racks for your hardware and to operate them with the excellent infrastructure of the ISO-certified data centers of myLoc.

In the area of colocation you have the possibility to rent racks for your hardware and to operate them with the excellent infrastructure of the ISO-certified data centers of myLoc.

Furthermore, myLoc managed IT AG offers you innovative cloud and SAP solutions with which you can create your own virtual data center or simply secure your data in the German cloud.

You can find all our products on myloc.de

2. webtropia

Through webtropia you can rent dedicated, virtual dedicated as well as cloud VPS. We also offer cloud solutions such as Backup, Office 365 and Acronis Cyber Protect.

You can find all our products on webtropia.com

3. servdiscount

Through servdiscount you can rent pre-configured dedicated servers, as well as vServers. Here the configuration of the individual servers cannot be adjusted during the order, which is possible with our other two brands myloc and webtropia.

All our products you can find on servdiscount.com
