

General Service Questions

Acronis - Disabling the Report Mails

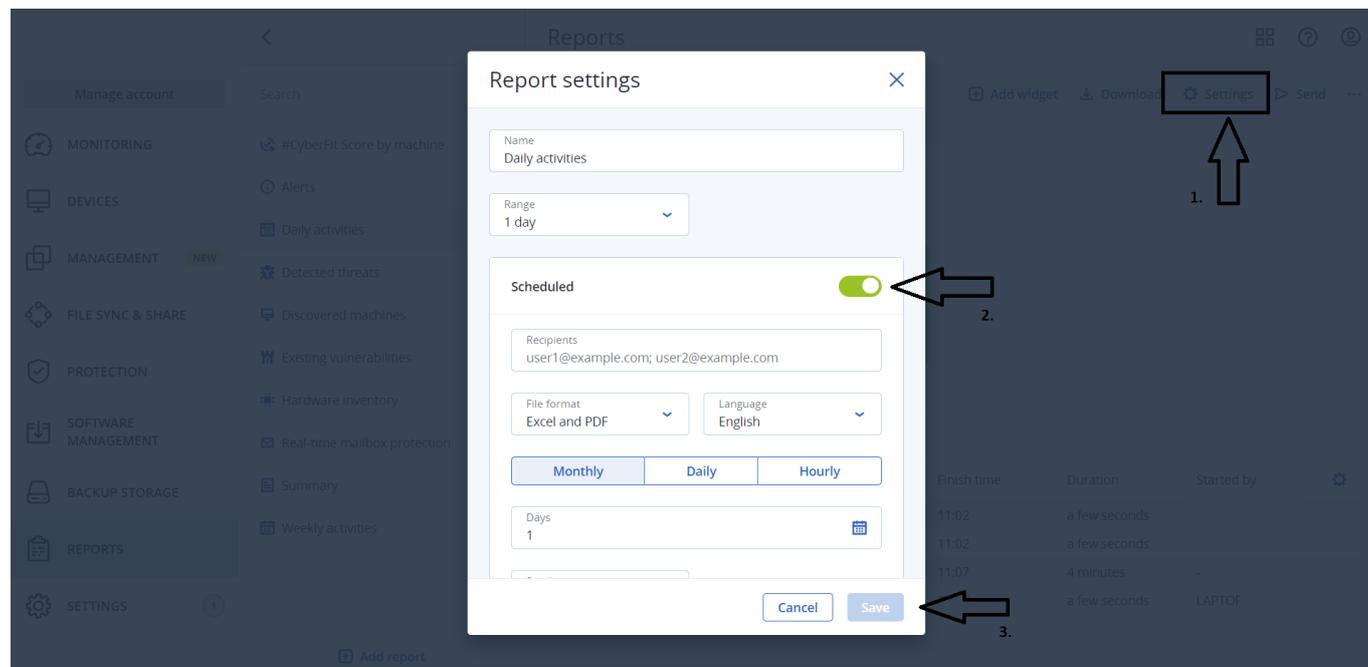

1. Go to the Dashboard

Please click on the tab "Alerts". In the tab, please go to "Daily activities".

2. set or turn off time intervals

Once you have clicked on the settings, you have the option of setting the time intervals for your alerts or switching them off completely. To switch off reporting completely, please deactivate the "Scheduled" slider. Then click on "save" and the changes will be applied.
