

# Colocation

## How do I register myself, when I enter the datacenter?

Our staff will open the first door for you. Afterwards you can move freely in the data center up to your rack.

The outer gate to the premises is closed from 10:00 p.m. to 6:00 a.m.. Please call our support team using the telephone number on the gate.

The employee will then open the gate for you accordingly.

Please notify us of your visit in advance by email to [pforte@myloc.de](mailto:pforte@myloc.de).

Please be sure to observe the current Corona regulations for your visit to our data center: [Corona-Info](#)
