

Domains & SSL

How can I transfer a domain from myLoc managed IT to a new provider?

To transfer a domain to a new provider please first select the [Domain Overview](#) within ZKM. Select for the Domain you want to transfer. On the following page, click on the [Domain zum Transfer freigeben](#) button. The auth-code which you need to transfer the domain to your new provider will be generated automatically.

Unique solution ID: #1451
