

# Billing Questions

## How can i change my customer data ?

If you would like to request a change to the first and last name or the company details, we need a written agreement to proceed with this. The form and the necessary information can be found in your central customer management under the menu item "FAQ" -> "[How can I transfer a contract to a third person?](#)"?

To add a company we ask you to contact the support via our ticket system. Please use the category „contract- & accounting question“ and attach a business certificate of registration as pdf format.

If you have further questions you can contact us via the ticketsystem or or per telephone during our work hours.
