cPanel

How do I check the current status of my cPanel license ?

To check the current status of your cPanel license, you can enter your IP address on the
https://verify.cpanel.net/app/verify page.

cPVerify

License Verification

Our license verification tool will display a server's cPanel & WHM license history and validity.

| f002.fuchsia.fastwebser | Verify License |

Results: Not licensed
