

General Service Questions

Where is the data center of myLoc located?

myLoc operates ISO 27001 certified data centers in Düsseldorf with space for over 30,000 servers. In the world's largest Lampertz high-security cell, sensitive systems of major customers, including banks, insurance companies and ISPs, are protected from external influences. myLoc offers products under the brands myLoc managed IT AG (RZ services, racks, server hosting and cloud hosting), webtropia.com (virtual servers, dedicated servers and cloud hosting) and servdiscount.com (dedicated servers, virtual servers).

More about our data centre can be found [here](#).

Unique solution ID: #1377
